

“Our mission is to promote the quality and quantity of durum grain production in Southern Australia.”

Dear Grower

We value and encourage your membership of the Southern Australia Durum Growers Association.

Grower membership enables the Association to:

- Seek and conduct research partnerships and crop trials.
- Arrange and conduct cropwalks in Southern Australian prime durum growing regions including South Australia’s mid north, south east and Victoria’s western Wimmera.
- Provide information and knowledge from top researchers, consultants, onsellors and fellow growers via the SADGA forum programs to support the betterment of quality and quantity, in the production of durum and other cereals and legumes.

SADGA Membership provides you and your business with:

- Free entry for up to 3 people for each membership to SADGA Events which include but not limited to cropwalks, information forums and facilities tours.
- Durum seed tests via Seed Services to determine bread wheat contamination.
- Information via emailed newsletters about new Durum varieties, upcoming events and other grains industry information.

Annual Membership:

\$110.00 [GST inclusive] per Person or Business up to 3 people.

For the financial period 1st July to 30th June

A tax invoice with payment information will be issued upon receipt of this membership application, or with your renewal notice.

The Treasurer

The Southern Australia Durum Growers Association Inc

PO Box 117 Mallala SA 5502

We value your membership and continued support however, if you would like to be removed from our mailing list and member network we welcome you to contact us or indicate.

Please remove my details from your network as I am no longer growing durum or prefer not to receive emails from SADGA.
